Get Back Your Grip on Health

Physician Gives Practical Advice On What To Do To Help Build Up Your Strength, Power and Endurance—Explains How Organic Iron—Nuxated Iron—Helps Put Renewed Vim and Energy Into the Veins of the Weak, Nervous and Run-Down—

Thousands of men and women are impairing their constitutions, laying themselves open to illness and literally losing their grip on health, simply because their blood is thinning out and possibly starving through lack of iron.

To possess the power, energy and endurance that win, the blood should be rich in strengthening iron. For this purpose, physicians have explained why they prescribe organic iron—Nuxated Iron—which, by enriching the blood and creating thousands of new red blood cells, often quickly transforms the flabby flesh, toneless tissues and pallid cheeks of weak, anemic men and women into a glow of health. It increases the strength of delicate, nervous, run-down folks in two weeks' time in many instances.

In explaining why he regards iron as absolutely essential to the greatest development of physical and mental power, Dr. George H. Baker, formerly physician and surgeon, Monmouth Memorial Hospital of New Jersey, says:

"Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive, and for supplying this deficiency and increasing the red blood corpuscles I know of nothing more effective than organic iron—Nuxated Iron. The fact

that Nuxated Iron is today being used by over three million people annually as a tonic, strength and blood builder, is in itself an evidence of tremendous public confidence and I am convinced that if others would take Nuxated Iron when they feel weak and run-down it would help make a nation of stronger, healthier men and women."

Commenting on the use of Nuxated Iron as a tonic, strength and blood builder, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital

(outdoor dept.), New York, and the Westchester County Hospital, said:

"In my opinion the greatest cause to the health and strength of American people of today is the alarming deficiency of iron in their blood. Lack of sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of that virile force and stamina which are so necessary to success and power in every walk of life."

"Therefore I strongly advise those who feel the need of a strength and blood builder to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original packages and see that the particular name (Nuxated Iron) appears on the package."

Numbers of nervous, run-down people who were using all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form. And this after they had, in some cases, been doctors for months without obtaining any benefit."

Manufacturer's Note: Nuxated Iron, recommended above, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older iron compounds, it is easily assimilated, does not irritate the stomach, make the tongue black, or cause the stomach to become indolent. It is a pure, natural, and entirely satisfactory remedy to every purchaser or user of Nuxated Iron. It is dispensed in Memphis by Messrs. G. H. Butler and all other druggists.

BOX COMPANY SELLS LARGE LAND TRACT

DIERSBURG, Tenn., Nov. 25.—Six thousand acres of outcrop land, west of here, belonging to the Mengel Box company were sold at auction here at prices ranging from \$15 to \$70 per acre, much of this bringing the last named price. The sale had been well advertised, and many purchasers came from this and the surrounding counties, as well as from Fulton and Hickman, Ky. The land will be placed in cultivation by the purchasers at once.

This tract of land was bought by the Mengel Box company in 1913 at the price of \$10 per acre, which included the timber. Thousands of dollars worth of timber had been cut off and sold, and the value of the land had greatly increased. The values of real estate in this county is rapidly enhancing. Land in this county is sold as soon as placed on the market.

MEMPHIS IS BEST OF MISSISSIPPI MARKETS

BLUE MOUNTAIN, Miss., Nov. 25. (Sp.)—That Memphis is becoming a satisfactory market for live stock from this section has already been clearly demonstrated by the success of S. L. Godwin, a local dealer, who has been handling his cattle in the Memphis stock yards to splendid advantage.

Because of his good luck with previous shipments there, Godwin has just dispatched another consignment of live stock to Memphis and expects to continue to sell his cattle there as long as he finds it profitable to do so. It is much more convenient to ship to Memphis than to the more distant markets of the North.

GONE TO TAMPA.

RIPLEY, Miss., Nov. 25. (Sp.)—M. L. Ripley and family, for many years residents of this place, have gone to Tampa, Fla., where they will make their future home. Mr. Ripley sold his interest in the feed business here to W. F. Henson, who recently moved here from near Dumas.

ANGELES' TRIAL IS PROCEEDING

Villa Chieftain Refuses To Relent From Enmity To Carranza.

JUAREZ, Mexico, Nov. 25.—The court-martial trial of Gen. Felipe Angeles, chief lieutenant of Francisco Villa, proceeded today at Chihuahua City, and according to advices received here, it probably will not be completed for two or three days.

The former comrade in arms of President Carranza, but recently engaged in active campaign for the overthrow of the present Mexican government, has not relented in any degree since his arrest, according to reports received here. Yet he expressed confidence he would receive justice at the hands of the court.

Maj. Gabino Sandoval and the four federal officers who captured Angeles Nov. 15 in the Sierra de Las Moras district, have received a reward for their services. Sandoval has been promoted to be a lieutenant-colonel, and the privates each received 1,000 pesos. Three thousand tickets to the trial were issued by Gen. Manuel M. Dieguez, commander of military operations in North Mexico, according to a report brought here by a newspaper man of Chihuahua City.

On his arrival at the state capital, Gen. Angeles found awaiting him a telegram from Mrs. Angeles, who, with her children, is in New York City.

"Whatever may happen to me," the rebel leader is quoted as saying, "I do not have to worry about my family; because Mrs. Angeles has been given the most careful attention so that she will not suffer."

"Angeles presented as strange an appearance as could be imagined after his capture," the Chihuahua newspaper man who interviewed the rebel chieftain in a hour on the way to Chihuahua City last week said. "He had two locks. The Life of Napoleon and 'The Life of Jesus Christ' were in his hands and he was reading on the train. The only other thing he carried was a red blanket. His face was covered with long gray whiskers."

Angeles told me that when he was captured he had not eaten for six days. On his arrival at Carranza he was given a cup of clothes by order of Gen. Dieguez. Two of the three men with Angeles have been executed.

Gen. Gabriel Gaviira, former commander of the Juarez district, is head of the military board that is trying Angeles.

Appeal Is Made For Funds To Ratify Suffrage Measure

JACKSON, Miss., Nov. 25. (Sp.)—An appeal for funds to be used in the campaign to secure ratification by the Mississippi legislature of the federal suffrage amendment has been issued by Mrs. B. H. Trotter, of Winona, president of the Mississippi Woman Suffrage association.

"The prospects are very bright for the ratification of the amendment," says Mrs. Trotter. "A majority of the men of Mississippi desire to see justice and consideration shown their women, and this can be expressed in no better way than through ratification of the amendment."

The movement to raise funds needed for the legislative campaign is being conducted in a systematic manner. One chairman and an able committee are being chosen for each county. At the recent meeting of the Mississippi Federation of Women's clubs in Clarksdale, nearly \$10,000 was raised for the cause. All persons willing to make contributions are asked to send same to Mrs. Trotter.

The state committee will open its headquarters in Jackson during the first week in January and immediately launch the campaign among legislators.

M'Lendon Is Held On Auto Charges

SENATOBIA, Miss., Nov. 25. (Sp.)—James M. Lendon, held by the local court of C. J. Varner to await the action of the grand jury on a charge of kidnapping, was yesterday the property of J. Cooper Rubber company, of Memphis. M'Lendon gave a \$2,000 bond.

Mr. Taylor, who works for the rubber company, and a young man named Horace Stiles testified for the state. Stiles stated that the car was stolen at the moving picture show near Jefferson avenue on the night of Oct. 21 and that he and Guy McNamara, a Mr. Stigal brought the car and another one to M'Lendon here on Oct. 22, and that M'Lendon paid them \$200 for the two cars.

McNamara, Stigal and Stiles are held on bond in Memphis for the alleged stealing of this car. McNamara and Stigal were here and testified for M'Lendon, denying any knowledge of the transaction. Lendon is one of the wealthiest young men of the county. He is also under indictment in the federal court for violating the draft law, and in the state court for perjury alleged to have been committed in making answer to his questionnaire.

BIG PLANTATIONS ARE SOLD IN DELTA COUNTRY

JACKSON, Miss., Nov. 25. (Sp.)—Big land deals in the Mississippi delta continue to be so common as to cause little or no comment. The latest large transaction reported is that for the Swan Lake plantation in Coahoma county, sold by R. L. Lawler to W. J. Leary and T. C. Oberst for \$250,000. This tract consists of 1,588 acres. Another deal just closed is for the Wildwood plantation sold by the Jennings brothers to ex-Gov. Earl Browder for \$200,000. While many of the delta land deals are legitimate transactions for property in cultivation, many of the transfers involving huge sums that have been closed recently are unquestionably speculative, and wholly for the purpose of hoarding values. Many delta land owners view this tendency with much apprehension, declaring that that section of the state does not want or need a land boom.

MINERS IN 19 TURN DOWN INCREASE OFFER

KNOXVILLE, Tenn., Nov. 25.—An offer of increases in wages on the part of the operators in an effort to settle the strike of coal diggers in district 10, Tennessee and Kentucky, was Monday turned down by the miners and as a result the production of coal in this field remains far below normal. These reports today indicated that only about 20 per cent of the normal supply was mined, so that the situation was serious. Hoping to settle the strike operators offered the day men 30 per cent increase. They offered the diggers of coal 15 cents increase per ton on the screened basin and nine cents increase per ton in the run of mine basis. These offers were turned down, according to E. L. Reed, secretary of the union, who announced that the miners of the district were awaiting the results of the Washington conference.
